

Detailed Budget

Funds are requested for travel, housing, subsistence and registration for invited speakers only. We have invited a chair and a co-chair for each of nine sessions. Two additional speakers for each session will be or have been invited, making a total of 36 invited speakers. Most are from the North-East, some are from the far West and a few are from overseas. Since the success of the conference depends on the presence of speakers the conference itself will be endangered if funding is not available.
